CREATIVE WRITING

Yor're the best fren, I ever had
When I was with you I was never sad.
When ever I needed you, you were always there
You were always so nice and kind and fair.
Since I'm here and you're there
All I have to do is sit and stare.

Unseen and unheard, passing so quickly and silently,

Caring not whom it affects.

It does not stop to watch anything exciting or happy, as you and I would.

It rushes on—dropping pre-mixed packages of happiness, hurt and joy,

As if too much had been bought at the supermarket.

Time creates illusions, making happiness seem like a small batch and sadness feels like it had been bought in the wholesale department.
